Common Reminder Form Fields

Field	Purpose
Subject	Reminder subject line
DateSent	Date reminder was sent
rTxtDocLink	Rich-text link back to source document
SendTo	Primary recipient
CopyTo	CC recipients

Standard Computed Approval Audit Fields

Pattern	Example	Purpose
nm[Stage]By	nmAcceptedBy, nmVerifiedBy	Name of person who acted at stage
dt[Stage]Date	dtApproved, dtReplyDate	Date/time of action at stage
[Stage]Comment	ApprComment, hodComment	Free-text comment at stage

DB_NSF Agent

Every database contains a `DB_NSF` agent (ENABLED). This is a standard maintenance agent used to update the `DB_NSF` field that stores the database file path, enabling cross-database document links.

APPENDIX C — Server Reference

Server / Domain	Role
CN=PHBSVR/O=PHB	Penang (IOI Penang / Oleo) main Domino server
CN=PCNSVR/O=PHB	Johor (PanCen) main Domino server
LocalDomainServers	All servers in local domain
OtherDomainServers	Servers in other domains
